

Steal & Catch – 3D Environment Pack

Bring stealth, strategy, and high-energy chase gameplay to life with the **Steal & Catch – 3D Environment Pack**, a fully-featured modular world designed for action, stealth, and multiplayer mini-games. Whether you’re building a competitive “thief vs. guard” game, an open-world pursuit mode, or a fast-paced arcade challenge, this environment gives you everything you need to get started quickly.

Key Features

Modular Level Design

Create endless layout variations with modular buildings, alleys, walls, rooftops, props, and obstacle pieces—perfect for dynamic stealth and chase mechanics.

Stylized Yet Realistic Visuals

Clean, optimized, and game-ready environment art that fits mobile, PC, VR, and console titles. The style is readable, performant, and easy to customize.

Interactive Gameplay-Ready Elements

Includes doors, windows, loot spots, hiding areas, spawn points, safe zones, and chase-oriented structures—ideal for “steal an item and escape” scenarios.

Day & Night Lighting Presets

Switch effortlessly between day, dusk, and night atmospheres to match stealth or action-focused levels.

Optimized for Performance

Low to mid-poly assets with efficient textures and LODs, ensuring smooth gameplay even in large scenes.

Perfect For:

- Stealth & evasion games
- Thief vs. guard mechanics
- Multiplayer chase games
- Capture-the-flag style modes
- Extraction gameplay
- Mobile and indie action projects

What’s Inside

- Fully assembled demo scene
- Modular urban environment pieces
- Props: crates, loot items, lights, fences, trash, vents, and more
- Building interiors & rooftops

- Navigation-friendly layouts
- High-quality lightmaps and materials
- Documentation for quick setup
